Dear Primary Parents,

It is an IBO requirement that we ask permission to use student work. It is very flattering to have your students' displayed at training sessions, seminars and in the organization's official publications. We would also like to be able to use student work for our own in-house training and on our web site.

The second part of this form regarding field trips is so that time is not needed before every field trip to gather permission slips. You will, of course, always be notified in advance as to the date, place to be visited, travel times and any other relevant information regarding all field trips planned for your child's class or group.

Lastly, the IBO requires all schools to distribute *General regulations: Primary Years Programme* to all parents so that they understand the roll the IBO plays in their child's education. Schools are required to retain a signed receipt for this publication.

Thank you for your kind cooperation.
